Hospitalized at Time of Initial MCO Enrollment

MEDICAID

Medicaid recipients who are hospitalized at the time of initial enrollment in the Medallion II (MCO) program are disenrolled from the MCO upon notification to DMAS by the admitting hospital or the MCO. These individuals are covered by fee-for-service until they are discharged from the hospital. They will be enrolled in the MCO on the first of the next month after discharge. Hospitals must notify the DMAS Managed Care Unit monthly of any Medicaid individuals who are hospitalized overnight on the last day of each month by sending the "Report of Overnight Medicaid or MCO/Medicaid Patients on Last Day of the Month" form by fax to 804-786-5799. Questions can be sent to managedcare@dmas.virginia.gov.

FAMIS

FAMIS recipients who are hospitalized at the time of initial enrollment into a FAMIS MCO are **NOT** disenrolled from the MCO. Fee-For-Service covers the hospitalization from the date of admission until the effective date in the MCO. The MCO covers the hospitalization from the effective date of MCO enrollment until discharge. Questions can be sent to managedcare@dmas.virginia.gov.
